

# R5 - I Know You Got Away

Tom: G

I've seen you in my dreams

You turn men to gold And shatter their bones

As broken as we seem, oh

We'd give up our heart A shot in the dark

And I know that there's something about you In the way that I want to

There's something about you I'm drawn to But there's nothing I can do

I know you got away, way

I know you got away, way

All my time is consumed with your face

I tell myself that this feeling will fade

A C D Em Bm G

But I know and I know and I know that it won't

My nights begin to bleed

Mirages of love Don't wanna wake up

My days turn into weeks, oh

Of searching your name As part of your game

And the feeling of getting you closer Is taking me under

And the closer I'm getting to closure Is making me wonder

I know you got away, way

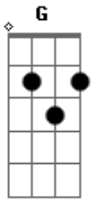

I know you got away, way

All my time is consumed with your face

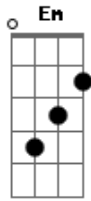

I tell myself that this feeling will fade

A C D Em Bm  
Yeah, I know and I know and I know that it won't
