tom: **Fm** (forma dos acordes no tom de **Em**)  
 Capostraste na 1ª casa

[Primeira Parte]

**Em** **C**  
 Tick tock and the clock won't stop  
**G** **D**  
 You need more time but the curtain drops  
**Em** **C** **G** **D**  
 Hanging by a thread end of a rope you find hope  
**Em** **C**  
 You fall just short of the finish line  
**G** **D**  
 Just like you've done time after time  
**Em** **C** **G**  
 All that's left to lift you is your faith  
**D**  
 You find grace  
**Am** **C**  
 Raise your eyes so you can see  
**Am** **C** **D**  
 You're right where you're supposed to be

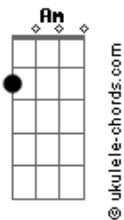

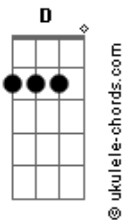

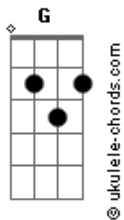

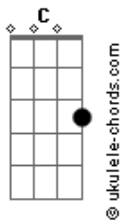

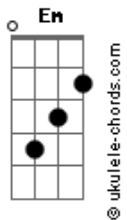

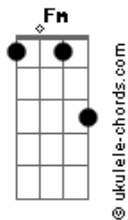

[Refrão]

**G** **D**  
 It's dark so you can see the light  
**Em** **C**  
 And it's hard so you can know it's right  
**G** **D** **Em** **C**  
 And rain nothing ever grows without you

[Segunda Parte]

**Em** **C**  
 I didn't think that the sun would rise  
**G** **D**  
 I kept confusing all the truth with lies  
**Em** **C**  
 Something told me that I just  
**G** **D**  
 Could not let go, now I know  
**Em** **C**  
 And holding on is gonna see you through  
**G** **D**  
 So go don't let go no matter what you do  
**Am** **C**  
 Love through the anger, love through the pain

## Acordes

**G** **D**  
 Love through the storm and love through the rain

[Refrão]

**G** **D**
