

Rachel Lorin - Bad Dreams

tom:
 Fm (forma dos acordes no tom de Em)
 Capostraste na 1ª casa

[Solo] Em D Am B

I say I'm done here
 But you come back to get me
 Like a killer in movies
 When he's on the loose

You're a nightmare
 All the faces that you wear
 But I see right through you
 Almost had me fooled

[Pré-Refrão]

Cause it's 4 in the morning
 And this fighting's exhausting
 You always think you're right
 Cause you're so self-important
 You tell my friends and my family a different story
 When I tell 'em what you did to me

[Refrão]

You're a psycho
 Psycho
 And I'm running for my life
 Trying to open up my eyes
 From this bad dream, bad, bad dream

You're a psycho
 Psycho
 And I'm running for my life
 Trying to open up my eyes
 From this bad dream, bad, bad dream

[Segunda Parte]

I'll never die here, I'm tired of bleeding
 You've taken enough from me
 But never again
 Monster, I fell for a monster
 But it made me stronger

You'll never see me again
 [Pré-Refrão]

Cause it's 4 in the morning

And this fighting's exhausting
 You always think you're right

Cause you're so self-important
 You tell my friends and my family a different story
 When I tell 'em what you did to me

[Refrão]

You're a psycho
 Psycho
 And I'm running for my life
 Trying to open up my eyes
 From this bad dream, bad, bad dream

You're a psycho
 Psycho
 And I'm running for my life
 Trying to open up my eyes
 From this bad dream, bad, bad dream

[Terceira Parte]

Run, run, run for your life cause I
 Don't need you by my side and I don't think
 That you'll wanna find out what I could do
 Cause I'm a psycho, too

[Refrão]

You're a psycho
 Psycho
 And I'm running for my life
 Trying to open up my eyes
 From this bad dream, bad, bad dream

You're a psycho
 Psycho
 And I'm running for my life
 Trying to open up my eyes
 From this bad dream, bad, bad dream
