

Radio Front - Heart Burn

Tom: C

Don't know how
 It happened, so fast
 Hold me now
 I feel I'll crumble to you
 Spread your arms
 All around me
 And it makes me strong
 Make my world turn
 Light my heart and burn
 Fill me with your love
 Make my world turn
 Light my heart and burn
 Fill me with your love tonight

If you came to fix me
 To you, well I'm just crazy
 I just believe because I feel it
 You've brought me a thousand smiles
 Just dance with me
 Just dance with me
 Just dance with me now
 Because you
 Make my world turn
 You light my heart and burn
 When fill me with your love
 Make my world turn
 Light and burn
 Fill me with your love
 Tonight
