

# Radiohead - Arpeggi

Tom: **Eb**

(acordes na forma do tom **D** )  
 Capotraste na 1ª casa  
 .=====.

.=====.

Just a simple version of the Ether Festival Bootleg. You'll get a nicest sound if you play one it octave up (Capo on twelve fret). There are several repetitions of each cord, figure it out yourself.

END

Another simplified version of this song. Not needed capo, for obvious reasons. If you have a friend to plays this while you play the part above (open without a capo), it will sound great. The others notes, dancing around this principal line, i could not figure out
