

# Radiohead - Packt like sardines in a crushed tin box

Tom: **A**

**C D C C B B A F G C D**

This song consists of two main progressions played on a Rhodes piano. I've given the actual notes played on the piano, and also provided an arrangement for the guitar. To play along with the record, the low **E** must be tuned down to a **C** (CADGB**E**).

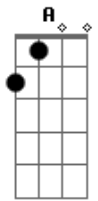

37 seconds in: first progression heard

**C D C C B D F G A C G D**

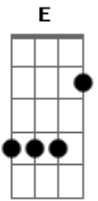

"After years of waiting..."

That's pretty much it. There are very slight variations in the progressions, and also some guitar noise and effects that aren't too tab friendly.
