

# Radiohead - Scatterbrain

Tom: **G**

Standard tuning

Intro:

verse (w/ variation):

bridge:

2nd verse, same as first, but with a simple guitar lead over top. it's

very easy; single notes at a slow rate, but with little pattern. this is my least favourite track off HTTT, so i can't really be bothered to tab it all out, but if someone is desperate for it (remember; it's easy, so you can probably do it yourself...), make a request and i'll give it a try.

chorus (w/ much variation; this is just the rough chords/notes):

lead at the end (i love this riff...):

## Acordes
