

Rafa Lourmmel - Real Life

Tom: F

^{Dm} Through my singing your love I got to find
^{Dm} This bright shine in your eyes made me wonder why
^{Dm} The world lives on distraction, they cannot realize
^{Dm} To see what life is about you gotta listen to your heart

^{Dm} I do not want to know about delusion-life online
^{Dm} I'm staying here, I'm so sorry, but I choose real life

^{Am} Real life, here I'll be happy
^{Am} Real life, I will learn how to live
^{Am} Real life, my heart is telling me

Real life, in this I can believe

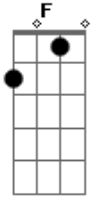

^{Dm} I imagined you, and then you came to me
^{Dm} My best dreams couldn't be better than this thing we both just did

^{Dm} Our love is real, and all the rest is bullshit

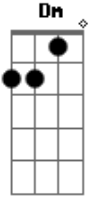

^F I turned off even my TV
^F Disconnected also my PC
^F My last tweet: "open eyes to see"
^F My password, I threw away
Out of the server, now I'm free

Ending: Am
