

# Rafa Valle - A Breath

tom:

Intro: Em G A7 Am Em

[Primeira Parte]

Here I am  
Drowning in my mind again  
I'm talking to myself at night  
And I'm wondering why  
We are here

We were asking for more speed  
But now look at what challenges us  
Something that we've never felt  
That passes through our shells  
And cannot be healed

From the fear and the pain that changes the world  
A breath becomes vitality  
A moment with some sanity  
To bring the light and peace  
That we need

[Pré-Refrão]

What would you do if you were chosen for a role?  
What would you change if you had the control?  
What would you give to those who still have hope?  
What would you say to a lonely sick world?

[Refrão]

That we are fighting for a reason that let us free  
We will find at least one more way to see  
We won't deny, a road may be longer than it seems to be

We'll understand the meaning of this stolen time  
We will learn to give what we have inside  
No matter if we'll need to change our lives

[Final]

We've walked this path but never know it  
We've got this far without even choosing how  
Don't wait tomorrow to live today
