No more flirt after some days
 No more feels upon the shades
 I keep yelling heartbeat sound
 Rising love on the streets ground

Buying pills until I die
 By the dreams I felt denied
 All alone just passing by
 All the days I've been so kind

No I don't need no more time
 Just to know how I survived
 Without hearing heartbeat sound
 Bleeding love for the all town

And babe I know just how time
 As come and flowed for life's
 But I'm killing my soft bound
 Bleeding love and heartbeat sound

And I know I can rise you more
 Just to get up in the floor
 I'd rather feel this way

Than to die and feel the pain

No I don't need no more time
 Just to know how I survived
 Without hearing heartbeat sound
 Bleeding love for the all town

And babe I know just how time
 As come and flowed for life's
 But I'm killing my soft bound
 Waiting love and heartbeat sound

I got wasted
 By this pretty
 And i felt it touch the ground
 With my bleeding heartbeat sound

And I know I can rise you more
 Just to get up in the floor
 I'd rather feel this way
 Than to die and feel the pain

Babe I know just how time
 As come and flowed for life's
 But I'm killing my soft bound
 Waiting love and heartbeat sound
