Am

Dm

You're welcome into my universe

I'll let my walls down

Change my mind, mess me up

I'll let you fool around

It's been going well so far

Nothing to complain

I'll keep you in my heart

Will you do the same?

Am I

Bound to be yours?

Or is it all just fantasy?

I got to be sure

Will you become my misery?

Sweetheart, can't you see?

Dm

I gave you all that I could give

I let you in, and now

I got you under my skin

Baby, you've done enough

I've lost my way, I've given up

On you, oh you

Before everything falls apart

And we lose the flame

I can keep you in my heart

If you cease the pain

Am I

Bound to be yours?

Or is it all just fantasy?

I got to be sure

Will you become my misery?
