Rage Against The Machine - Fistfull Of Steel

Tom: E

It's my first tablature so I don't know all the right terms
(and i speak
french !)

(m=mute...)

```
                                         harm.                              harm.
                                                       harm.                /----\
It's my first tablature so I don't know all the right terms
(and i speak                                           /--------\
french !)
                                                                            harm.
(m=mute...)                                            harm.                 /---\
                               harm.                   /--------\
harm.
                               /----\                  ----->(x2)
/--------\

                               harm.                   repeat 2 more times before the solo
harm.                                                  Solo : I don't know !
                                /---\                  Then,
/--------\

----->(x3)
N.B. : for the third time, d|--3--| and a|--3--| are replaced
by a|--3--|                              _____
                                         ||
                                         |                          |
Between both riffs, there's a little sound played with a wah-   |  By Marc-André Laliberté  |
wah pedal which                          |                          |
I don't have...                          ||----------------------------
```
