

Rag'n'Bone Man - As You Are

Tom: Ab

You raised the lights when it was frightening
 You calmed the storm when it was rising
 You found me there where I was hiding
 All I have is here and now
 If the ground beneath our feet has disappeared
 I'll be here beside you, always be right near you
 Remember me, won't you?
 I know we've all got our problems
 And it's a blessing that we made it here so far
 If you lay here in these arms tonight I promise
 I promise to take you, take you as you are
 When I was reaching out in the dark
 When the streets below just looked so far
 When I forgot everything that I was
 All I needed was your love
 If the earth beneath our feet is old and caves in
 For a second we will fight

When it's late in the evening, don't let me go, dear
 I know we've all got our problems
 And it's a blessing that we made it here so far
 And if you lay here in these arms tonight I promise
 I promise to take you, take you as you are
 Take you as you are, as you are
 Take you as you are, as you are
 Take you as you are, as you are, ooh (as you are)
 As you are
 I know we've all got our problems
 And it's a blessing that we made it here so far
 And if you lay here in these arms tonight I promise (I promise)
 I promise to take you, take you as you are
 I know we've all got our problems
 And it's a blessing that we made it here so far
 If you lay here in these arms tonight I promise
 I promise to take you, take you as you are (oh, Lord)
