

# Rag'n'Bone Man - Guilty

tom:

Intro: **Gbm** **G**  
 Seven in the morning and I'm lying in my bed  
 A million ways to hurt you  
 Running 'round and 'round my head

I won't feel guilty for that  
 I won't feel guilty for that

No no no

**Gbm**  
 Everything about you that was good  
 Is now erased  
 Only remnants of you  
 Is that awful bitter taste

I won't feel guilty for that  
 I won't feel guilty for that

No no no

**Gbm**  
 Give me one good reason  
 Why I should not be thinking

Of leaving you now

**Gbm**  
 Maybe I'm just foolish

But I can finally see your true color now

**Gbm**  
 You're blacker than black  
 You're colder than ice

And I don't know who you are

**Gbm**  
 You're blacker than black  
 You're colder than ice

**Bm**  
 And I don't know who you are

**Gbm** **Bm**  
 All I know is I

don't feel it anymore

**Gbm** **Bm**  
 I don't need to try

**Gbm**  
 Cuz I don't need you anymore  
 Need you anymore

**Gbm**  
 Give me one good reason  
 Why I should not be thinking

Of leaving you now

**Gbm**  
 Maybe I'm just foolish

But I can finally see your true color now

**Gbm**  
 You're blacker than black  
 You're colder than ice

And I don't know who you are (Ohh)

**Gbm**  
 You're blacker than black  
 You're colder than ice

And I don't know who you are (Ohh)

**Gbm**  
 Blacker than black (blacker than black)  
 Colder than ice (colder than ice)

And I don't know who you are

**Gbm**  
 Blacker than black (blacker than black)  
 Colder than ice (colder than ice)

And I don't know who you are

**Gbm**  
 Ohh
