

Rainbow Kitten Surprise - Devil Like Me

Tom: G

Bm **D** **Em**
My heart and soul were never mine to own, what you care to die for?

What you care to die for?

Bm **D** **Em**
We die alone, we'll all die young, what you care to die for?
What you care to die from?

Bm **D** **Em**
Snow glistens on the ledge, whiskey on the bed, shake it out and light a cigarette

Bm **D** **Em**
Miss me when you, you wish you weren't right

Bm **D** **Em**
Shake me all out if I'm wrong, for you, for you

Bm **D** **Em**
Shake it all out when I'm gone, I, for you

Bm **D** **Em**
Is the devil so bad if he cries in his sleep, while the earth turns

Bm **D** **Em**
And his kids learned to say, fuck you they don't, love you

Bm **D** **Em**
Does the devil get scared if she dies in her dreams, where the earth burns

Bm **D** **Em**
She cries cause she's nothing like you, is she like you?

Bm **D** **Em**
What you want from a devil like me, devil like me?

Bm **D** **Em**
You see the devil don't mean to be evil, he just regrettably forgets to exceed expectation

Bm **D** **Em**
Holes riddled in your head, little bit of lead, shake it out and line silhouette

Bm **D** **Em**
Miss me when you, you wish weren't kind of glad

Bm **D** **Em**
Shake me all out when you're done, for you, for you

Bm **D** **Em**
Shake it all out when I'm gone, I, for you

Bm **D** **Em**
Is the devil so bad if he cries in his sleep, while the earth turns

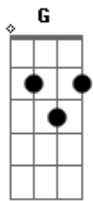

Bm **D** **Em**
And his kids learned to say, fuck you they don't, love you

Bm **D** **Em**
Does the devil get scared if she dies in her dreams, where the earth burns

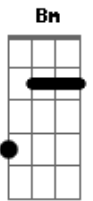

Bm **D** **Em**
She cries cause she's nothing like you, is she like you?

Bm **D** **Em**
What you want from a devil like me, devil like me?
