

Raining Jane - A World That's Made For Me And You

Tom: G
Intro: C

What's that on your heart?
Beating like a star, like a blip on my radar.

I bet that we'd go far.

What's that on your mind?
Blinking like a neon sign.

I think about you all the time.
You mesmerize.

All I know is
We all get to choose.

All I know is
Now I got on my on yo-oo-ouu.

Wooooooooo
Wooooooooo

(C)

Let's set sail out on the ocean blue.
Straight line runs right from me to you.

Let's tie the knot, climb up the mast.
Get a look at the future.

Say goodbye to the past.

All I know is
We all get to choose.

All I know is
now I got on my on yo-oo-ouu.

Wooooooooo
In a world that's made for me and you.

Wooooooooo
There isn't anything we can't do.

C

Life is like a dream
It's whatever you, what do you believe?
If you could imagine all the possibilities
What would you see? You see? You see?

We could live so merily
Come along with me (come along with me)
We could live in harm - o - ny

Taking our time
Crossing the line
Not going back
What do we find
The future ahead
We got plenty of time
Follow my lead
Follow my lead
We got the world right on our sleeves
Wearing our heart for the whole world to see

All I know is
We all get to choose.

All I know is
now I got on my on yo-oo-ouu.

Wooooooooo
In a world that's made for me and you.

Wooooooooo
There isn't anything we can't do (Gonna have a good time)

Wooooooooo
In a world that's made for me and you.

Wooooooooo
There isn't anything we can't do
Just wait
