Tom: G

   [ G  C ] x2

[ G  C  D ] x4

G               C           D
Standing here in front of the mirror
Its gonna be all right tonight
Feelin hot yeah I'm on fire
I'm never ever goin' to tire

   G                      C      D
   Tonight it's gonna be alright
   Chasing the night
   Its gonna be alright
   Chasing the night
   Chasing chasing the night
   It's gonna be alright

Live my life as I choose
I paid the price, paid my dues
You know I need no alibi
Daytime troubles fading
Nights intoxicating
Gonna have it all tonight
That ain't no lie

   Tonight it's gonna be alright...

B
Rock all night sleep all day
E
It don't matter what they say
B
Ain't never gonna change my ways
C                       D
And I won't be back till Monday

[ G  C ] x2

Feelin exasperating
Excitement generating
I'm never ever gonna tire
City is overloading
The circuits are exploding
Ain't comin down, no I'm too wired

   Tonight it's gonna be alright...

[ guitar solo - no idea ]

   Tonight it's gonna be alright...

   Tonight it's gonna be alright...
