 Humankind, it's not fair, why should we all live in fear  
 Humankind, it's a test, to see who's the very best  
 Humankind, don't know why, no one cares who lives or dies  
**C** **G** **A** **D**  
 Humankind, don't look at me, look at yourself, what do you see

**A** **G** **A** **F**

 People - knockin' at my door, how come they want more and more  
 People - talkin' behind your back, most of them drive a cadillac  
 People - starrin' at your clothes - I can't take it anymore
