Believe in miracles 'cause I'm one I have been blessed with the power to survive
                                                                  I close my eyes and think how it might be
                                                                 The future's here today, it's not too late,
After all these years I'm still alive

I'm out here cookin' with the band
I am no longer a solitary man

Every day my time runs out
Lived like a fool, that's what I was about, oh
                                                                     I believe in miracles
