

Ramones - In The Park

Tom: F

[G Bb F] x3

C
All dressed up an' the sun sets low
A
When the big bright moon shines a friendly hello

C
When my heart pants with lust like a Romeo
A F G
Like I am all messed up when the fireflies glow

I just wanna cuss and fight
I am goin' out tonight
Everything is out of sight
It's gonna be all right

C F G
I'm gonna hang out in the park

Hang out after dark
I'm gonna be with the gang tonight

Under street lamps I will play
After the school day
When the troubles disappear
I feel excitement is here

Kids in cars were cruisin' by
The big bright moon smiles in the sky
Music playin' that portable sound
Everybody's hangin' all around

[G Bb F] x3

I'm gonna...
I'm gonna be with the gang tonight
I'm gonna be with the gang tonight
All dressed up...
I'm gonna...
