D [riff]

The solution to peace isn't clear
 The terrorist threat is a modern fear
 There are no jobs for the young
 They turn to crime and turn to drugs
 Battle ships crowd the sea
 16 year olds in the army
 Our jails are filled to the max
 Discrimination against the blacks

It's too late, it's too late, it's too late

Russians and Americans war machine
 Will destroy mankind's dream

They shoot their missiles in the air
 They do not care they do not care
 Guerrilla armies rule the streets
 No more Christmas or trick or treat
 Is this what the future will bring
 I pray for peace more than anything

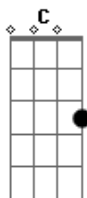

Planet Earth 1988, planet...

[F G A] x3

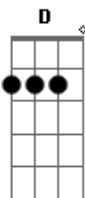

The solution to peace isn't clear
 The terrorists threat is a modern fear
 There is no future for the youth
 There is no hope for the young
 Death destruction bombs galore
 The rich are laughing at the poor
 Our jails are filled to the max
 Discrimination against the blacks

Planet Earth 1988, planet...
