

Rancid - Radio

Tom: D

RADIO (Versão A)

Never fell in love 'til I fell in love with you
 Never knew what a good time was 'til I had a good time with you
 If you wanna get the feeling you wanna get it right
 Then the music's gotta be loud
 Cause when the music hits I feel no pain at all
 Warm summer night I was drinking with my dad
 He tried to give me love that I never had
 But he gave more love to his bottle of wine
 So I had to go out find love of another kind

Here it is here I am turn it up fuckin' loud!

Radio radio radio radio radio radio radio
 When I got the music I got a place to go
 Radio radio radio radio radio radio radio
 A...

When I got the music I got a place to go

Radio clash magnificent seven
 I was a choir boy they showed me no heaven
 Two tools surely lost
 No remorse and ignore the cost

Here it is here I am turn it up fuckin' loud!

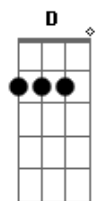

Radio radio radio radio radio radio radio
 When I got the music I got a place to go
 Radio radio radio radio radio radio radio
 When I got the music I got a place to go

(repeat x2)

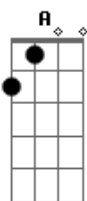

When I got the music I got a place to go
 When I got the music I got a place to go
 I got a place to run got a place to run got a place to go
 When I got the music I got a place to go
 When I got the music I got a place to go
