

Rascal Flatts - Riot

tom:

Intro: D A Bm G

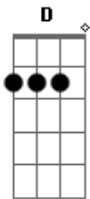

I'd be riding in a cab going downtown
 Finding face I know in a big crowd
 Trying to drink the pain away
 And I'd be staying out all night and never going home
 Girl you know I'd lose all control
 If I lost you

[Refrão]

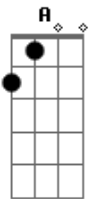

There would be a riot
 Breaking up my heart
 I'd try to fight it
 I could go out every night

But I'd be lying
 If I said I could live and breathe
 Without you
 There'd be a lot of lonely
 Wishing and praying you could hold me
 I would do most anything baby if only
 You would come back to me
 Come back to me
 There would be a riot
 I'd be checking on my phone every minute
 Waiting 'round for it to start ringing
 And praying it would be you
 I don't know what I'd do
