Untouched sheets of clay
Were laid spread out before me as her body once did
                                                               And now my bitter hands cradle broken glass of what was
                                                               everything
All five horizons revolved
Around her soul, as the earth to the sun
                                                               All the pictures have all been washed in black tattooed

                                                               everything
Now the air I tasted and breathed has taken a turn
                                                               All the love gone bad turned my world to black
Pre-Chorus:
                                                               Tattooed all I see all that I am all ever be ..yeah
