

Reação Em Cadeia - Faixa Oculta

Tom: **C**

Let my lips say what I think
Just listen to my voice,
try understand
I'm standing in front of you
Look into your eyes
So how can i be sure
What you realy want

Refrão

'Cause I dont wanna fall down
I dont wanna fake smile
I dont wanna hurt you

Bm

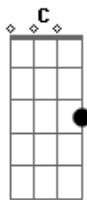

I dont wanna make you cry

Even if i could talk to your heart
You can do the same
But i can feel your touch
I'm standing in front of you
Look into your eyes
So how can i be sure
What you realy want

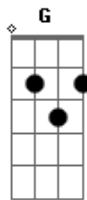

Refrão

'Cause I dont wanna fall down
I dont wanna fake smile
I dont wanna hurt you
I dont wanna make you cry(2x)
