

# Rebelution - Bright Side Of Life

Tom: F

**Dm**  
Don't trip you know I'm always by your side  
You'll be fine for the ride just be calm

Take a breath and don't cry, oh my my  
Look on the bright side

**Dm**  
Rise up now make an impact  
Now get your bags packed

Think about your life but girl don't you cry, oh my my  
Look on the bright side of life

**Dm**  
Somebody told me everything's alright

That life's too short to be afraid

Just leading up to what I want to say  
Living should be giving it away

**Dm**  
You're contemplating every single day

And learning so we educate and be positive

It is what it is, come on set examples for the kids
