

# Rebelution - Green to Black

Tom: **Bb**

intro: **Gm** (**Eb Dm**) a Musica toda

Do you feel it now music's up in ya  
Do you feel it loud straight to the ears man  
It's that mean bass singing pleasure to meet ya  
The green and black throw it up so we see ya

Do you feel the sound? It's coming straight through the waves  
While the music from the Earth keeps us sane  
I'm feeling that herb when the sun hits my face  
You create your mind so make your mental space

Much respect to all the people thinking green  
Not just the color but the message in between  
Here's a mental weapon that you'll use frequently  
To stop evil people and end their beliefs

Green turned to black, green smoked to black, green burnt to

black

Yea that's what we stand for

Well Mr. tough guy he fights physically  
When all the people really need is some peace  
It are these moments where we turn to our needs  
It never caused no death nor disease

Don't try to make it seem like we're some foolish youth  
Throwing away our lives, but we're searching for the truth  
Don't need authority/rules while we go unheard  
See there isn't any crime using herbs

Much respect to all the people thinking green  
Not just the color but the message in between  
Here's a mental weapon that you use frequently  
To stop evil people and end their beliefs
