

# Rebelution - Green to Black

Tom: **Bb**

intro: **Gm (Eb Dm )** a Musica toda

Do you feel it now music's up in ya  
 Do you feel it loud straight to the ears man  
 It's that mean bass singing pleasure to meet ya  
 The green and black throw it up so we see ya

Do you feel the sound? It's coming straight through the waves  
 While the music from the Earth keeps us sane  
 I'm feeling that herb when the sun hits my face  
 You create your mind so make your mental space

Much respect to all the people thinking green  
 Not just the color but the message in between  
 Here's a mental weapon that you'll use frequently  
 To stop evil people and end their beliefs

Green turned to black, green smoked to black, green burnt to

black

Yea that's what we stand for

Well Mr. tough guy he fights physically  
 When all the people really need is some peace  
 It are these moments where we turn to our needs  
 It never caused no death nor disease

Don't try to make it seem like we're some foolish youth  
 Throwing away our lives, but we're searching for the truth  
 Don't need authority/rules while we go unheard  
 See there isn't any crime using herbs

Much respect to all the people thinking green  
 Not just the color but the message in between  
 Here's a mental weapon that you use frequently  
 To stop evil people and end their beliefs
