

Rebelution - Lazy Afternoon

tom:

G

Girl don't you worry about a thing
 Pick your head up from the pillow
 Look at me and the surprise that I bring

Let me show you what I'm trying to write
 If you say good, then success

Baby let me sing to you and recite
 Let me be your lover tonight

Yes I got your letter when you said that you missed me
 I got a picture of you in my head dressed for me
 Lovely will the moment be with you
 Sometimes on my own I feel sadly

Damn I need you badly, it's true
 Lovely will the morning be with you with you

G Am Bm Am G Am
 Bm Am
 I could spend the rest of this lazy afternoon away with you

G Am
 Here I am sitting in my bed like, wishing it was daylight
 Girl, I miss you in the nighttime

G Am
 I'm thinking of you constantly and what you mean to me
 I'm living just for thee, girl come and get at me

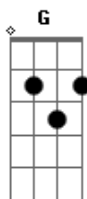

G Am
 Yes I got your letter when you said that you missed me
 I got a picture of you in my head dressed for me
 Lovely will the moment be with you

G Am
 Sometimes on my own I feel sadly

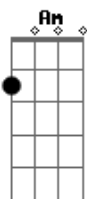

Bm Am Bm Am
 Damn I need you badly, it's true
 Lovely will the morning be with you with you

G Am Bm Am G Am

 I could spend the rest of this lazy afternoon away with you
