

## Red Hot Chili Peppers - C'mon Girl

```
Is lovely at this time of year
Intro: Em
              D
                                                              The cave within your mountainside
Everything inside of me
                                                               Is deeper than it will be wide hold me
 Em C
Is burning up for you to see
                                                              My disenchanted diplomat
Em C E
And if we should get into it
 Em
                                                              Asleep inside the laundromat
A two way kind of syndicate, ho
                                                              Conveyer belts are moving and
                                                              Em C Em
I want you to be sure of that, tell me
Compare us to a ferris wheel
Just be sure of what you want to steal
                                                              And if let in germinate
Some people do it by the book
Em C Em
But I prefer to go by fell, tell me
                                                              I know it will be worth the wait
                                                              Disputed by the news that it was you
                                                                          D
I wanted to get outta here
                                                              Who tried to instigate, hey
But every time I reappear
                                                              Refrão
And know I have the words my_dear
                                                              Em G D Em C (5x)
To whisper right into your ear, hey, yeah
Refrão:
                                                              Blessed are the hypocrites
Em
                                                               Outwitted but she never quits
C'mon girl
                                                              The trouble with a band of slits
    Bm
Let's get it right
                                                                                  D
                                                              Is washing off the muddy bits, hey'..yeah
     Em
Let's get it right
   Bm Em
                                                              Refrão
Let's get it right
                                                              Em (junto com solo)
The spirit of a dragon's tear
                                                              Oh yeah, she's whit me and I'm your man
                                                              If can't find you no one can'
```
