And I feel so bad, thought you oughta know

Verso:
Please don't ask me who

Something I wanna show

I thought you oughta know

Oh, who you think I am

I could live without that

I'm just a modest man

Meet me at the corner, and oh

Tell me what to do coz I messed

Up on you, and had I known all

That I do now, I'm guessing were through now

Receding into the forest, I will

Lay around and wait and i'll wait for you...

Verso:
Please don't say you want
To keep in touch out there
To see you on the corner
Aw, that I just can't bear

Well, meet me at the corner and you'll
Tell me what to do
'Cause I messed up on you
And had I known, oh, that I do now
I'm guessing we're through now
Receding into the forest,
I will lay around and wait

Eb **Bb**

A sign from the gods

Bb
And it's fine

Db **Ab**
Taking it all for a ride

Eb **Bb**
Till the day when it's gone.....

Db **Ab** **Eb**
