Please don't ask me who

Something I wanna show

Oh, who you think I am

I thought you oughta know

I could live without that

Verso:

I'm just a modest man

Please don't say you want  
To keep in touch out there  
To see you on the corner  
Aw, that I just can't bear

Meet me at the corner, and oh

Well, meet me at the corner and you'll  
Tell me what to do  
'Cause I messed up on you  
And had I known, oh, that I do now  
I'm guessing we're through now  
Receding into the forest,  
I will lay around and wait

Tell me what to do coz I messed

**Eb** **Bb**  
Hey, and I turned

Up on you, and had I known all

**Db** **Ab**  
I turned my head when I thought

That I do now, I'm guessing were through now

**Eb** **Bb**  
I saw a sign from the gods

Receding into the forest, I will

Lay around and wait and i'll wait for you...

**Db**  
A sign from the gods

Solo:

**Ab** **Eb**  
That you weren't meant to be mine

Verso:

Please don't ask me where  
Oh, where you think I've been  
I've been a lot of places  
But this could be my whim

**Bb**  
And it's fine

**Db** **Ab**  
Taking it all for a ride

**Eb** **Bb**  
Till the day when it's gone.....
