

# Red Hot Chili Peppers - The Getaway

Tom: C

**Am**  
That's right you're right  
**Em** **G**  
We will do our thing tonight alright

Take me through the future  
**Am**  
It's time you're fine  
**Em** **G**  
Just another color coded crime

Incision and a suture  
**Am**  
You told my friend  
**Em** **G**  
We would get it on no matter when  
A supercavitation  
**Am**  
Let's go you show  
**Em** **G**  
Me something no one will ever know  
A love hallucination

[Chorus]

**F**  
Another lonely superstar  
**Em**  
To get away inside your car  
**Dm**  
Take it much too far

**F**  
Surrender to the brave inside  
**Em**  
A lover that another tried  
**Dm**  
Take it, too my ride

**F** **Em** **Dm**  
You don't have to keep it if it's mine

(Another lonely superstar to getaway inside your car)  
**F** **Em** **Dm**  
Another place maybe another time  
(Surrender to the brave inside a lover that another tried)

**Am**  
Complete repeat  
**Em** **G**  
Sitting in your car and on your street

Lost in California  
**Am**  
Let's steal this wheel  
**Em** **G**  
Take a spin to find out how we feel

Just around the corner  
**Am**  
Slow down for sound  
**Em** **G**  
Turn it up and no we can't be found

The body that we transcend  
**Am**  
Asleep, you weep  
**Em** **G**

Find out that the trick is never cheap  
A melancholy girlfriend

[Chorus]

**F**  
Another lonely superstar  
**Em**  
To get away inside your car  
**Dm**  
Take it much too far  
**F**  
Surrender to the brave inside  
**Em**  
A lover that another tried  
**Dm**  
Take it, too my ride

**F** **Em** **Dm**  
You don't have to keep it if it's mine

(Another lonely superstar to getaway inside your car)  
**F** **Em** **Dm**  
Another place maybe another time  
(Surrender to the brave inside a lover that another tried)

**Am**  
That's right you're right  
**Em** **G**  
We will do our thing tonight, alright

Drive the constellation  
**Am**  
It's time you're fine  
**Em** **G**  
Just another color coded crime

The song is fascination

[Chorus]

**F**  
Another lonely superstar  
**Em**  
To get away inside your car  
**Dm**  
Take it much too far

**F**  
Surrender to the brave inside  
**Em**  
A lover that another tried  
**Dm**  
Take it, too my ride

**F** **Em** **Dm**  
A May December might not be so smart  
(Another lonely superstar to getaway inside your car)  
**F** **Em** **Dm**  
Arrivals that we wish would not depart  
(Surrender to the brave inside a lover that another tried)

**Bb** **C** **Dm**  
Don't be late cause you're my savior  
**Bb** **C** **Dm**  
Make it great whatever stays  
**Bb** **C** **Dm**  
Golden gate my rearranger  
**Bb** **C** **Dm**  
Hold my name inside your rays
