

Red - Let It Burn

Tom: G

I watch this city burn
 These dreams like ashes float away
 Your voice I never heard
 Only silence
 Where were you when our hearts were bleeding
 Where were you, it all crashed down
 I never thought that you'd deceive me
 Where are you now
 How long Can you stand the pain?
 How long Will you hide your face?
 How long How long will you be afraid?
 Are you afraid?
 How long Will you play this game?
 How long Will you fight or will you walk away?
 How long How long will you let it burn
 Let it burn
 I watch this city burn
 These passions slowly smoldering
 A lesson never learned
 Only violence
 Is your world just a broken promise
 Is your love just a drop of rain
 Will we all just burn like fire
 Are you still there, tell me now
 How long Can you stand the pain?

How long Will you hide your face?
 How long How long will you be afraid?
 Are you afraid?
 How long Will you play this game?
 How long Will you fight or will you walk away?
 How long How long will you let it burn
 Let it burn
 Oh, oh, oh
 Oh, oh, oh
 Will you wait until it all burns down?
 Will you hide until it all burns down?
 Will it hurt when it all burns down?
 Will you fight when it all burns down?
 Will you stand when it all burns down?
 Will you love when it all burns down?
 Will it end when it all burns down?
 Will you just let it all burn down?
 How long Can you stand the pain?
 How long Will you hide your face?
 How long How long will you be afraid?
 Are you afraid?
 How long Will you play this game?
 How long Will you fight or will you walk away?
 How long How long will you let it burn
 Let it burn
 Let it burn
 Let it burn
 Let it burn
