

Red - Let It Burn

```
F
I watch this city burn C G
These dreams like ashes float away
E G
Your voice I never heard
Only silence
Where were you when our hearts were bleeding
Where were you, it all crashed down E G
I never thought that you'd deceive me
C G
Where are you now E G
How long Can you stand the pain? {\sf C}
How long Will you hide your face?
How long How long will you be afraid?
Are you afraid?
     F
How long Will you play this game?
How long How long will you let it burn
Let it burn
I watch this city burn
  C
These passions slowly smoldering
A lesson never learned
C G
Only violence
Is your world just a broken promise C G
Is your love just a drop of rain
Will we all just burn like fire
Are you still there, tell me now
  E G
How long Can you stand the pain?
