

Regina Spektor - On The Radio

```
Intro: C
Do that twice, then on the 3rd time do this:
This is how it works It feels a little worse
Than when we drove our hearse Right through that screaming
While laughing up a storm Until we were just bone
Until it got so warm That none of us could sleep
And all the styrofoam Began to melt away
We tried to find some words To aid in the decay
But none of them were home Inside their catacomb
A million ancient bees Began to sting our knees C G
While we were on our knees Praying that disease
Would leave the ones we love And never come again
On the radio
We heard November Rain
That solo's really long
But it's a pretty song
We listened to it twice
```

Acordes

```
'Cause the DJ was asleep
Play Intro part
Continue with the C, G, Am, F pattern above all the way
through
This is how it works
You're young until you're not
You love until you don't
You try until you can't
You laugh until you cry
You cry until you laugh
And everyone must breathe
Until their dying breath
No, this is how it works
You peer inside yourself
You take the things you like
And try to love the things you took
And then you take that love you made
And stick it into some
Someone else's heart
Pumping someone else's blood
And walking arm in arm
You hope it don't get harmed
But even if it does
You'll just do it all again
And on the radio
You hear November Rain
That solo's awful long
But it's a good refrain
You listen to it twice
'Cause the DJ is asleep
On the radio
(oh oh oh)
