

# Reinaery - It's You, It's Me, It's Us

tom:

Am

Between your name and a prayer  
 Is there a difference? Does it matter?  
 The stars in the sky can never compare  
 Because my whole world is the girl  
 over there  
 You're a lighthouse, calling me home  
 And I'm sailing the waves that will  
 crash on the stone  
 "You're getting closer" I hear you say  
 But the tides pull me away

Am  
 Oh

And I call out to the weather  
 Water rushing in my lungs  
 Send m? a thunderbolt  
 God's up above  
 End my own agony  
 Delivered from love  
 Hold my head underwater  
 A final gift to last  
 It's you, it's me, it's us

Ohhh oh oh hmm hmm hmm

I've been feeling pieces of myself  
 Slowly drift away  
 Reflections caught in mirrors  
 Remind me everyday  
 I shatter in your embrace  
 Cause I feel her hold and her voice  
 and her face  
 "I'll wait forever" I hear you say  
 As the tides drag me away  
 (Away, away, away, away)

[Chorus]

And I call out to the weather  
 Water rushing in my lungs  
 Send m? a lullaby  
 God's up above  
 End my own agony  
 Delivered from love  
 Hold my head underwater  
 A final gift to last  
 It's you, it's me, it's us  
 It's you, it's Me, It's Us
