

# R.E.M. - Aftermath

Tom: G

Riff

Verse 1

Now the radio stutters snaps to life  
 Some sour song that sets it right

And when London falls  
 He'd like to call

But the stars collide  
 They're beautiful and much maligned  
 In a universe where you see the worst

And it's up to you to fix it

Chorus

Now you've worked it out  
 And you see it all  
 Now you've worked it out  
 And you see it all  
 And you want to shout  
 How you see it all (riff)

Verse 2

It's easy to dismiss the what's it all about crowd  
 There is no doubt it's this, here, now

And you close your eyes  
 He's not coming back

So you've worked it out, overfeed the cat  
 And the plants are dry and they need to drink

So you do your best and you flood the sink

Sit down in the kitchen and cry

Chorus

Now you've worked it out  
 And you see it all  
 Now you've worked it out  
 And you see it all  
 And you want to shout  
 How you see it all (riff)

Verse 3

Now the universe left you for a runner lap  
 It feels like home when it comes crushing back

And it makes you laugh  
 And it makes you cry

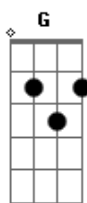

When London falls  
 And you are still alive  
 The radio stutters

It makes you laugh  
 And the aftermath  
 Open up your eyes  
 You are so alive

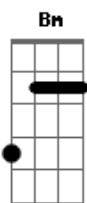

Chorus

Now you've worked it out  
 And you see it all  
 Now you've worked it out  
 And you see it all  
 And you want to shout  
 How you see it all (riff)
