

R.E.M. - The Sidewinder Sleeps Tonite

#

From: Weasel

CHORUS BIT:

D F D F G G C G Am D F D F G G C G Am C Em

G -----
 D -0-4-0-4-5-5-----0-4-0-4-5-5-----
 A -----3-2-0-----3-2-0--3-2-
 E -----

I can make out this next bit sounds, if not exactly right, at least pretty close...

VERSE BIT:

F C F
 G -----
 D -----
 etc.
 A -----3-3-2-3--3-3-2-3-----
 E -1-1-0-1--1-1-0-1-3-----0-1-1-0-1--1-1-0-1-

Where the verse goes to Am - C, play this in stead of the 'C' riff above

Am C
 G -----
 D -----
 A -1-1--0-1-3-3-
 E -----

BRIDGE:

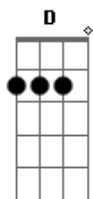

Bm Am Bm Am Bm Am C Em
 G -----
 D -----2-2- Not sure whether he plays
 D or A string
 A -2-2-0-0-2-2-0-0-2-2-0-0-3-3----- for Em. Whichever it is, it's 2nd fret.
 E -----

ENDING:

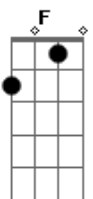

C Em D
 G -----
 D -----0-
 A -3-3-2-
 E -----

I think that's the lot. If there's anything I've forgotten, let me know, and, as I say, a lot of this is simply guesswork...
