(intro - repeated)

(verse)

(chorus - toca-se apenas os acordes)

D C G D
 The battle's been lost, the war is not won
 D C G D
 An addled republic, a bitter refund
 D C G D
 The business first flat earthers licking their wounds
 D C G D
 The verdict is dire, the country's in ruins
 C G D
 Providence blinked, facing the sun
 C G D
 Where are we left to carry on
 Am7 G D
 Until the day is done
 A7 G D
 Until the day is done
 D C G D
 As we've written our stories to entertain
 D C G D
 These notions of glory and bull market gain
 D C G D
 The teleprompt flutters, the power surge brings

D C G D
 An easy speed message falls into routine
 C G D
 Providence blinked, facing the sun
 C G D
 Where are we left to carry on
 Am7 G D
 Until the day is done
 A7 G D
 Until the day is done
 G D
 A voice whispers "Son,
 G D
 The blessed vision comes."
 G D
 What have I done
 G A7
 What have I done
 D C G D
 So hold tight your babies and your guns
 D C G D
 Forgive us our trespasses, father and son
 C G D
 Providence blinked, facing the sun
 C G D
 Where are we left to carry on
 Am7 G D
 Until the day is done
 A7 G D
 Until the day is done
 Am7 G D
 Until the day is done
 (C G D)
