

Renan Guerra - Lets Live Our Lives

Tom: Bb

Today I woke up, smiled, and saw the sun rising
 And thought about how great is my life, I got a smile
 The bad little things are nothing
 I just wanna live this moment
 I'm greatfull for all the things I have and say
 Let's live our lives
 Like the last day we have on earth
 Let's live our lives
 Like the good times are almost done
 Let's live our lives
 Like the last day we have on earth
 Let's live our lives

Instrumental: Gm Eb Cm F Gb

Go to the club, so high, just like as you're flying
 Drink with your friends and girls that are all around you
 You can not see what's coming
 Just feel the music playing
 Put your hand up and sing as loud as you can
 Let's live our lives
 Like the last day we have on earth
 Let's live our lives
 Like the good times are almost done
 Let's live our lives
 Like the last day we have on earth
 Let's live our lives
