

Renata Arruda - Porta do Sol

Tom: B
Intro: B Badd9(b5) 2x

B
Somos a porta do Sol
Desse país tropical

B
A luz do interior
Brilhou lá na capital
E clareou o céu na Borborema
No Cariri do extremo oriental

Salve o sertão, o brejo, a Borborema
Que vem saudar o extremo oriental

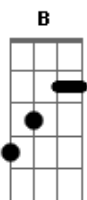

E **Abm7**
|O calor do verão chegou pra te abraçar

B
Somos a porta do Sol
Desse país tropical
Somos a mata verde, a esperança
Somos o Sol do extremo oriental

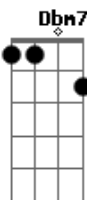

B
A lua fez um poema
Nas palhas do coqueiral
Eu escrevi seu nome nas areias
No coração do extremo oriental
