Tom: G  
Intro: G, Cadd9, Am, D, D

G C G, G  
I get along without you very well  
G C D  
Of course I do  
C D  
Except when soft rains fall  
C G D  
And drip from leaves then I recall  
Am D G C  
The thrill of being sheltered in your arms  
Em  
Of course I do  
Am D G  
But I get along without you very well  
G C G, G D  
I've forgotten you just like I should  
C D  
Of course I have  
C G D, D  
Except to hear your name

C G D  
Or someone's laugh that is the same  
Am D G  
But I've forgotten you like I should  
G Am G Am G  
What a guy what a fool am I  
Am D D G Em  
To think my breaking heart could kid the moon  
Em A Am Bm Em Em  
What's in store, should I phone once more  
A Am D D  
No it's best that I stick to my tune  
G C G, G  
I get along without you very well  
C D  
Of course I do  
C G D  
Except perhaps in spring  
C G D  
But I should never think of spring  
Am D C Em C G  
For that would surely break my heart in two
