

# Reneé Rapp - I do

**Bb** tom:

[Primeira Parte]

**Bb** I leave a key in my mailbox just for you  
**Eb** So you don't call when you're coming over, you just do  
**Bb** We fall asleep on the couch, I refuse to move  
**Eb** 'Cause it's the only time that I'm ever sleeping next to you

[Pré-Refrão]

**D** And then you get comfortable on my shoulder **Gm**  
**Eb** I thank my lucky stars, but, it's tearing me apart, 'cause **Ebm**  
**Bb** You don't see us like I do

[Refrão]

You don't see us from my view  
**Eb** It's like we're both looking up, and I'm under a storm

And you're seeing skyblue  
**Gm** When we're saying, I love you

I mean it different than you do  
**Eb** Terrified I always will, even after the day  
**Ebm** You look at somebody else and you say, I do

[Segunda Parte]

**Bb** When you go on and on about things that you believe  
**Eb** Yeah, that's the closest to God that I will ever be  
**Gm** We don't need to talk, our eyes can speak  
**Eb** I only need one sign to match your energy

[Pré-Refrão]
