Intro: Am G D  
Am G D

[Primeira Parte]

First to arrive, last to leave  
What's misery without company?  
It's hard to laugh when it's hard to breathe  
It's white outside, but red underneath

[Pré-Refrão]

Feel the tip of my nose  
It's burning, but it's ice cold

[Refrão]

I'll make it through the winter if it kills me  
I can make it faster if I hurry  
I'll angel in the snow until I'm worthy  
But if it kills me, I tried  
If it kills me

Can't tell a lie if you never speak  
Look in the mirror, she looks like me  
But half-alive and twice as weak

[Pré-Refrão]

Feel the tip of my nose  
It's burning, but it's ice cold

[Refrão]

I'll make it through the winter if it kills me  
I can make it faster if I hurry  
I'll angel in the snow until I'm worthy  
But if it kills me, I tried  
If it kills me

[Ponte]

I tried so hard, I came so far  
I met a boy, he broke my heart  
I blame him 'cause it's easier  
But I still look for him in her  
The seasons change, addictions strange  
I loved back then what I hate today  
I wish I went a different way  
But if I went back, I would do the same

[Refrão]

I'll make it through the winter if it  
But why does it go slower when I  
I'll angel in the snow until I'm worthy  
If it kills me, I tried  
If it kills me, I
