

# Rex Orange County - 4 Seasons

tom:

[Primeira Parte]

Who am I to judge  
The people who don't care for me  
When I don't care about them either  
And who am I to judge  
The friends that I once thought I knew  
They're all off doing what they wanna do  
I'm falling to pieces  
When I'm on my own

[Segunda Parte]

Even though I'm a walking emotion  
And I can't go a day without you  
I saw myself as less and you saw high above me  
But I hope that you can learn to love me

[Terceira Parte]

4 seasons, they've flied by  
And I cry usually in the evening  
Before I calm myself and start sleeping  
And I'm asleppin cause each weekend is like a Monday to me  
She stays behind a bar at work  
So I'm getting Redbull for free  
And I'm so bored of being awkward,  
I hit my head against a door  
All night she may be much less awkward,  
I'm not so awkward anymore  
And I'm flying back to LA, and I can't wait for her to see  
And I'm not fucking with first class  
But I sure like a sleeper seat, so

[Ponte]

I'll find a spot that's just for me and see if I can cope  
Without an ounce of pain, without an ounce of pain

[Refrão]

Now that you're around I pray you don't go  
And we don't even need to mention  
All the things that matter, or anything you're stressing 'bout

## Acordes

Just tell why your day was good  
And love me after hours  
Now that you're around I pray you don't go  
Cause since you made me social, I'm no longer even solo

[Quarta Parte]

So thank you, and thanks bro with the wet shirt and the front row  
Sweat shirt that's young me playin' Erica, afro  
Way back, back when I would have worn a snapback  
But fuck that, fuck that  
[Ponte]

And I hate myself for what I'm 'bout to say  
But I feel as if it's time to get away  
I'll find a spot that's just for me and see if I can cope  
Without an ounce of pain, without an ounce of pain

Said the likelihood just frightens me and it's easier to hide  
But I can't ignore it endlessly, eventually things die  
But if only he'd remember my name  
One final time  
Said the likelihood just frightens me and it's easier to hide  
But I can't ignore it endlessly, eventually things die  
But if only he'd remember my name  
One final time
