

Éric Bellico - I Hope See You Again

Tom: **Ab**

(com acordes na forma de
Capostrate na 1ª casa
Intro: **G - D - Am - C** (2x)

(**G - D - Am - C**)
You entered in my life
So fast
And make us time
The best
Thing that I ever experienced

(**G - D - Am - C - D**)
I love the time
With we spend together..
I thought it was
Last, forever...

(**G - D - Am - C**)
But you had to say goodbye
And I asked "God why..?"
Why...?

I hope see you again
To ending my longing
To do anything

G)

You need to go away
And nothing that I sayid
Made you stay here
I wish you here...

Passagem **G - D - Am - C** (2x)
