

Richard Walters - Nothing But Adore You

Tom: Eb

Hey samurai, save your love for the sky
 Can you fight my wars for me tonight?
 Stay with the sea from a night black and deep
 Running circles of dark red around your eyes

I tried to know you and I lost
 I made oceans for you
 I did nothing but adore you
 I'm trying to tell you how it is
 Everything I said was true
 I did nothing but adore you
 (Eb Bb Fm Ab)

The birds only heard what I said to your words
 I was only stood here to be your love

Hey, darling, sweet can you listen to me?
 Give me time and air, a chance for me to speak
 I tried to know you and I lost
 I made oceans for you
 I did nothing but adore you
 I'm trying to tell you how it is
 Everything I said was true
 I did nothing but adore you
 (Eb Bb Fm Ab)
 I did nothing but adore you
 I did nothing but adore you
 I tried to know you and I lost
 I made oceans for you
 I did nothing but adore you
