Intro: C D Bm C  
C D Bm C

Em  
Its all out of my hands  
and I cant stand that  
You've got mud on your shoes  
but no-one knows why  
I need you out of my sight  
so I can put things right  
Im the one chasing you all over everywhere

Em  
This goes over your head  
But I cant help that  
Youve got dirt in your hair  
But noone knows why  
every word from your mouth  
springs like a cold lie  
Im the one chasing you all over everywhere

C D  
What you want is not what you needed  
Bm C  
make your way back home

Ive been out of my mind  
but heaven knows why  
Youve got mud on your clothes  
Somethings you cant hide

Please dont say you were right  
I just cant bare lies  
I'm the one chasing you all over everywhere
