

# Richie Kotzen - Love Is Blind

tom:

G

Oh this time, she got the best of me

And I've got nothing to stand by

Help me preacher

No one's praying for me now

They're all up off knees o' uh o'

Call the dealer

I've got to change that constitution

This woman's got me so spun out

So I keep rollin', rollin', rollin' through my days

I was playing like the gambler

What's my name

But I know this time, she got the best of me

And I've got nothing to stand by

Oh this time, I gotta make the deal

I know it's suicide, but love is blind

Mother Nature has somehow stunt my evolution

Cuz I'm trippin backwards oh

Cut my losses
